

TOWN CROWDED WITH VISITORS EASTER SUNDAY

Crowds of visitors flocked to Gettysburg over the Easter weekend, with the National Park Service estimating that 8,663 tourists toured the National Cemetery and the Battlefield Friday, Saturday and Sunday.

Automobile traffic on Sunday was the heaviest thus far this year and the tourist travel filled hotels, lodging houses, motels and tourist courts to capacity.

Battlefield guides were kept busy and hundreds of motorists toured the field without guides. Throughout all three days, cars were parked in large numbers at all the principal vantage points on the battlefield. At 4:30 o'clock Sunday afternoon there were 31 automobiles from several states parked at the Eternal Peace Light Memorial.

The register at the National Museum for Thursday, Friday, Saturday and Sunday showed visitors from 40 states and the District of Columbia.

There was also a heavy influx of visitors from various parts of Canada: two parties from England; several students from Israel, traveling by automobile; two parties from Scotland; one from India, which included husband and wife and three children in native Indian garb; and parties from Australia, Sweden, Denmark and Germany.

Many School Children

Congressman and Mrs. William C. Cole, St. Joseph, Mo. were also visitors to Gettysburg, toured the battlefield and visited the National Museum.

The Easter holidays brought school children to Gettysburg in large numbers. There were ten buses Friday, three Saturday and two Sunday. This morning four buses of the Orchard Park N. Y. Central School brought members of the senior class here.

The National Park Service gave the following tourist travel estimates: Friday, 2,520 in private cars and 299 in ten buses, 2,819; Saturday, 2,716 in private cars and 87 in three buses, 2,803; Sunday, 2,996 in private cars and 45 in two buses, 3,041, for a three-day total of 8,663.

Restaurants were crowded, particularly on Sunday. Additional visitors arrived today or are expected tonight. Two Thompson tours' buses with 95 people were at the Hotel Gettysburg for lunch on this noon on their return from Washington, D. C. This evening the hotel will entertain 45 more on a Thompson tour at dinner enroute to Washington. Fifty-five seniors of the Lady of Mercy High School were guests of the hotel at luncheon this noon.

Ideal Easter weather prevailed and all the churches were filled for Easter Services Sunday. Easter finery was in abundance. Gettysburg had its own Easter parade following the church services Sunday morning.

The fine weather and bright sunshine also brought out motorists by the hundreds and highways carried the most traffic since late last summer. Early season picknickers were at Caledonia and other nearby state parks on Sunday.

LOCAL GIRL IS WED SATURDAY

Miss Janice Mae Geiselman, daughter of Mr. and Mrs. Wilbur A. Geiselman, 100 Baltimore St., became the bride of Stanley Niles Decker, son of Mr. and Mrs. Howard Decker, 18 Krug Ave., Hanover, Saturday evening at 7 o'clock at St. James Lutheran Church. The double ring ceremony was performed by the pastor, Rev. Dr. Ralph R. Gresh.

The bride wore a light grey suit with navy accessories and a corsage of white roses.

The attendants were Wilbur A. Geiselman, father of the bride, and Miss Jill Ann Decker, York, niece of the groom. Miss Decker wore a grey suit with red accessories and a white rosebud corsage.

After the ceremony a reception was held at the home of the bride's parents where the couple will make their home for the present. The bride, who attended Gettysburg High School, was a typist in the office of Harry D. Ridinger, register and recorder, at the Adams County Court House prior to her marriage.

Mr. Decker, who attended the Hanover High School, was in the United States Marine Corps for two years, one of which was spent in China. He is employed by Bowen and McLaughlin, York.

Church Services Highlight Easter Observance In State

By The Associated Press

A warm sun smiled down on thousands of Pennsylvanians as they promenaded their spring finery Easter Sunday.

But the real beauty of the holiday lay not in the crowded streets or the festively decorated parks and squares. Rather, it was in the hushed quiet of a hundred Christian churches across the state.

Thousands of Pennsylvanians flocked to their churches to be reminded once again of the resurrection and raise their voices in praise of Christ's triumph over death.

Trombone choirs were sent marching into the hills around Bethlehem by the Moravian Church, and some 14,000 Bibles were distributed to hospitals, prisons and other state and community institutions by the American Bible Society.

EASTER'S FORCE COMPARED WITH ATOM BOMBS IN DAWN SERMON

The "mighty earthquake of Easter Dawn" and the blasts of atomic bombs were compared and contrasted in an Easter Dawn sermon at the Church of the Abiding Presence Sunday morning on the Seminary campus by Dr. Harold A. Dunkelberger, associate professor of Bible at Gettysburg College. The well-attended service was arranged by the Adams County Christian Endeavor Union.

There was a duet by Mrs. Daniel Dentler and Mrs. Laverne Rohrbach and Mrs. Rohrbach sang "The Holy City" as a solo. Mrs. Kenneth Lawver was the organist. The invocation and benediction were given by the Rev. Charles E. Held, Mt. Joy Lutheran pastor.

"Christ Victorious"

Speaking on the theme, "Christ Victorious," Dr. Dunkelberger said in part:

"The mighty earthquake of Easter Dawn rolling away the great guarding stone and the blast of the atomic bomb are shocks felt around the world. They are alike in that they break down the neat structures with which man would build his own world. The week past brought striking photographs of how the A-bomb blast would completely disintegrate the average American house in a split second.

"Just as disintegrating to the systems man would build is the shock of Easter. Man is not the master of his fate here—God is; man is not the captain of his soul in this situation—God is; the end of life is not now the grave—it is the service of God in His kingdom.

"Yet the message of Easter Dawn is also diametrically opposed to the message coming from A-bomb proving grounds. The ultimate message of the former is FEAR NOT, BE NOT AFFRIGHTED; the message of the latter, in the present at least, is fear and anxiety on a broader scale than man has ever known. The fear of the A-bomb is awful; the 'fear not' of Easter is awesome.

Turns World Upside Down

"The shock wave of Easter turns the world upside down. This was what was said of Paul and his companions when they began preaching in Thessalonica of Christ crucified and Christ risen from the dead. Even among the antagonists of the early Christians there was the recognition that Easter had recreated the lives

FINDS PEOPLE WANT ECONOMY BEFORE TAXES

After sampling the opinion of his constituents in a series of public hearings throughout the county last week, Assemblyman Francis Worley said today he is going to recommend that the governor "cut out dead wood and inefficiency in the state government" as an economy measure before making any decision on new taxes.

"That's what the people in Adams County want," Mr. Worley said. If a tax bill does become necessary, "I will not support any general sales tax to be collected at the consumer level to be put into the general fund without being earmarked," he continued. He said that is the opinion of the majority of people with whom he talked in the series of hearings that concluded on Saturday at Biglerville. Forty-six persons (Please Turn to Page 5)

"Distinct Progress" Is Being Made Toward Quick Exchange Of Sick And Wounded POW's

By ROBERT B. TUCKMAN

MUNSAN, Korea (AP)—United Nations liaison officers reported "distinct progress" with "very objective" Reds today in their first meeting to work out a quick exchange of sick and wounded prisoners of war.

If a trade goes smoothly it could pave the way for an armistice in Korea.

The U. N. liaison group handed their Communist opposite numbers at the 48-minute session today a nine-point program that, among other things, called for exchange to begin within seven days after agreement on procedure.

Meet Again Tuesday

The U. N. also asked the Reds for the number of Allied prisoners they are willing to return. The Reds said they would supply the number but they took no action immediately on the U. N. nine-point plan.

ARENDSVILLE BOROUGH FUNDS GREW IN YEAR

Arendtsville borough ended the year with a balance of \$2,362.64 in all funds, a debt of \$4,000 in its water fund and with all but \$67.25 of its 1952 tax income received, according to the annual report of the auditors filed today with the county clerk of courts.

The report shows the borough began 1952 with a balance of \$1,460.38 in all funds. Income totalled \$8,054.05 and expenses were \$7,344.06.

Revenue included \$2,982.41 from general fund 1952 taxes, \$88.93 from prior year's taxes, \$3,698.59 from water rent, \$265.60 from highway aid, \$102 from licenses, \$298.32 from county aid and \$18.20 from other sources. The audit also shows that the water fund received \$600 from the general fund which was paid back during the year.

Spent Most For Roads

Expenditures included \$517.03 general government, \$280 for protection of persons and property, \$20 health, \$3,578.09 highways, \$2,264.44 public utilities and \$84.50 miscellaneous. The balances at the end of the year included \$683.60 general fund, \$1,420.04 water fund and \$66.73 highway fund.

Income of the water fund included \$585.89 balance from the previous year, \$3,698.59 sales of water. Expenditures included \$165.12 operation labor, \$62 for water tests, \$191.66 for power for pumping, \$316.75 salaries of officers and office employees, \$23.27 office supplies and \$8.81 other expenses making the total cost for operation and maintenance, \$1,145.70. The water fund also showed \$958.74 spent for major equipment and \$160 for interest on the \$4,000 debt.

The report was signed by Auditors Clyde A. Allison, L. M. Bosserman and R. R. Criswell and Borough Secretary L. E. Myers.

EASTER'S FORCE

(Continued from Page 1)

touched by its message. It really did turn man's best reasoned philosophies upside down. It insisted that death was not the end of the affair for man, because Jesus the Christ lived. It insisted that hate was not the strongest force in the world, because the love of Jesus the Christ lived. It insisted that principalities and powers of the super state, of whatever century, were not the last word—Rome could crucify, and Rome could seal the tomb, but Christ could burst the bands of this or any totalitarianism.

"It is one thing, however, to observe this shock wave of Easter. It is something infinitely more important to feel its transforming power. Just as it is altogether different to be a well protected observer far from the scene of the A-bomb explosion guarded with protective glasses, guarded with protective garments, from being a survivor of Hiroshima. But much of the world acts as if it needs the same protection against the life-giving shock of Easter as it needs against the death dealing shock of A-bombs. We would make Easter an observance rather than a commitment—a spectacle, rather than the most vital part of our life."

MRS. TUCKEY ON DUTY

"WHITE COLLAR WORKER"

To the folks who push a pencil . . . I extend my praise today . . . for they work with honest effort . . . for a minimum of pay . . . they're the folks who are forgotten . . . when a raise is in the air . . . working patiently unnoticed . . . just as if they weren't there . . . they must be exact at figures . . . I mean numbers but of course . . . and if ledgers do not balance . . . they must trace the error's source . . . and their work is often boring . . . just the same year after year . . . but with records in their keeping . . . they must always persevere . . . and to some their work seems easy . . . for it's done in shirts of white . . . dressing up so neat and pretty . . . that they make the office bright . . . so it is I write about them . . . just to let the whole world know . . . that the clean white collar worker . . . has a rugged road to hoe.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO
Death: On Saturday morning a colored man of this place, named Thomas Armstrong, was found lying in an open lot in the southern part of the borough, in a dying state, and expired in a short time after he was discovered. He had lain out during a part of the night. He was of grossly intemperate habits, and was very drunk when he laid down to sleep "that sleep which knows no waking on earth."

Married: In Baltimore, on Saturday morning last, Dr. Abraham O. Scott, of this place, to Miss Jane Wilson, late of this county.
 On Sunday evening, the 3d inst., by the Rev. Jacob Ziegler, Edward B. Buehler, Esq. and Mrs. Elizabeth F. Gilbert, all of Gettysburg.
 On the 5th inst., at Coneago Chapel, by Rev. F. Cotting, Mr. William Shillen, to Miss Catherine, daughter of Mr. Jacob Norbeck, both of this place.
 At the same time and place, by the same, Mr. Isaac Riddlemeyer, of Tyrone township, to Miss Louise, daughter of Dr. I. N. Smith, of Butler township.
 In Philadelphia, on Tuesday, the 5th inst., by Rev. A. C. Halsey, Mr. John G. Adair, formerly of this place, to Miss Emeline Dunsford, of Philadelphia.
 On the 3d inst., by Rev. J. Ulrich, Mr. Franklin Noel to Miss Eliza Ann Crist, all of this county.

The Medical Commencement of the University of Pennsylvania took place at Philadelphia, on Saturday. The degree of Doctor of Medicine was conferred on 160 young men. Amongst the number, was Dr. A. O. Scott, of this place.

Death of Mrs. Fillmore: Mrs. Abigail Fillmore, the excellent wife of ex-President Fillmore, died on Wednesday morning at Willard's Hotel, Washington, after an illness of several weeks, aged 56 years. The Senate adjourned and all the public offices were closed, as a mark of respect to the lamented deceased.

SEVENTY-FIVE YEARS AGO
M. Moriarty, Veterinary Surgeon and Trainer, has taken charge of the Gettysburg Track, where he is prepared to Train and Drive all Horses entrusted to his care. Mr. M. is a man of experience in both of his professions and comes highly recommended. Parties having horses to handle will do well to give him a call. He can be found at F. S. Ramer's Hotel, Gettysburg. (Ad.)
Married: Beamer-Haverstick — April 2, near Granite Hill, by Rev. J. Beamer, J. Hanson Beamer to Miss Sallie A. Haverstick, both of this county.

We see it stated that Mr. Malish has introduced a bill in Congress to grant a pension to Mrs. Nancy Wade, mother of Miss Jennie Wade, who was killed by a bullet during the battle of Gettysburg. In support of the bill, we have a revival of the old story started soon after the battle that Miss Wade was killed while baking bread for Union soldiers. It proposes to give the mother \$8 per month, dating from July 3, 1863, which would realize the neat sum of \$1440 in cash up to July 3, this year.

Sale: Hirman B. Meals has sold his property, in Huntingdon township, to Jacob Meals for \$700 cash.
Lecture by William Bruce: The Young Men's Christian Association of Pennsylvania College have arranged with Wallace Bruce to deliver two lectures in Christ Church on Tuesday night, April 23 on "Womanhood in Shakespeare," the other on Thursday night, April 25, on "Washington Irving." Mr. Bruce is the same gentleman who lectured in Agricultural Hall several months ago on "Walter Scott." He is an attractive and cultured lecturer. The association has arranged to pay all expenses and these lectures will therefore be free to the public—no charge for admission. All are invited.

Important Decision: During the past week the Treasury Department at Washington rendered a decision on what are termed the "Gettysburg Claims." As our readers are aware numerous buildings were occupied and property used or destroyed during and subsequent to

APRIL SIXTH
 We keep this day, not as of old,
 When she was here,
 With gifts by which our love was told
 From year to year.
 But in the faith the mother taught
 That life goes on,
 This day we turn to her in thought,
 Though from us gone.
 And so believing she will hear
 On that far shore,
 We say: "A happy birthday, dear,
 And many more!"

Today's Talk

By GEORGE MATTHEW ADAMS
YOUR HANDWRITING
 Handwriting has always intrigued me. I look upon it as a more accurate key to a person, his character and personality, than anything else. In the course of a year I receive many thousand letters and the handwriting always interests me. My reply to such letters is often guided by it.

Twenty years ago I met a talented Philadelphia artist, and during one of our first meetings I told her how interested I was in handwriting, and that I could tell quite a great deal about a person by reading his or her writing. That meeting led to a courtship, which later resulted in my marriage to this lady, but before that happy event I never received a single letter from her! All her communications were confined to telephone calls and wires! She was taking no risks!

As a matter of fact my wife should have pursued a natural course, for her handwriting has proved a most accurate key to her talents and characteristics. Even to this day it reveals much of which I am more aware than she! I try to answer all my so-called "fan" mail, and in doing so I once answered a letter that came from a writing expert and she sent me a detailed report on my handwriting — she told me many things I had never suspected about myself she also told me many things about which I knew very well. The entire analysis put me on my mettle.

Many years ago I became interested in the writings of R. B. Cunningham Graham, one of the most intriguing of writers. For years I collected his books and finally presented the collection to the Clements Library of the University of Michigan. In this collection there are many letters that I defy anyone, outside an expert, to read. Cunningham Graham was a great horseman, and it shows in his handwriting. His lines leap and there is action and power to the formation of every word, even though they appear illegible. Napoleon wrote such a dashing style that few could decipher it. I once read this was one reason why he lost the Battle of Waterloo. They could not read his orders!

Tomorrow Mr. Adams will talk on the subject: "The Enjoyment Of Freedom."

the battles of July, 1863, for hospital and other purposes. In some cases owners were thoughtful enough to take the requisite vouchers from the proper officials and had their claims paid. Others failed to secure such vouchers and their claims have been suspended. It may be proper to explain that these claims have no reference to the general damage done by the movements of the two armies, but to special cases in which property was taken or occupied for hospitals or other purposes.

The claims embraced in this decision aggregate less than \$5,000 as follows:
 Catherine K. Felt \$110.00; L. A. Bushman, \$200.00; George Spangler, \$375.00; David Bluebaugh, \$100.00; Francis Bream, \$800.00; Wm. E.  To the Secretary:
 The Gettysburg Claims.

These claims filed in the autumn of 1875, are for the use and rent of camping and parade grounds and buildings used for hospitals in the summer of 1863 near the field of the battle of Gettysburg.

The occupation of this property comes within the principles above stated; and the owners have no claim to compensation. Such losses are a part of the incidents and accidents of war; and the government is no more bound to repair them than to indemnify citizens against destruction by flood or fire or earthquakes.

Very respectfully,
 H. F. French,

OBSCURE RED OFFICIAL GETS BLAME IN FAKE MURDER CASES

By EDDY GILMORE
MOSCOW (AP)—Pravda today put the finger on an obscure deputy minister of state security as the culprit who faked the murder case against 15 Soviet doctors. It also blasted the Security Ministry's chief for being taken in by the false evidence.

The Communist party organ said the culprit—identified as one Ryumin—was under arrest. It charged his superior, former Minister of State Security S. Ignatiev, with "political blindness and gullibility" and denounced a commission of medical experts in the case for making "incorrect conclusions."

The prominent doctors, accused last January of plotting against Soviet leaders and having caused the deaths of two, were ordered freed Saturday in a surprise move by the new Internal Affairs Ministry headed by L. P. Beria, first deputy premier in the Soviet government.

May Indicate Purge
 (This was the first word the West had that Ignatiev had been security minister early this year. He was not further identified by Pravda, but it is possible that he is Semyon Ignatiev, recently elevated to one of the highest positions in the Soviet hierarchy—a seat on the five-man Secretariat of the Communist party's powerful Central Committee. If such a ranking leader is under attack, a purge already may be stirring up within the Kremlin itself.)
 The Pravda article, a lead editorial, declared that "leaders of the former Ministry of State Security fell down on the job."

10 State Hospitals May Be Transferred

HARRISBURG (AP)—A move to request transfer of the administration of 10 state hospitals in the coal regions from the State Welfare Department to the State Health Department neared the Legislature today.

Dr. Russell E. Teague, state health secretary, said the Assembly would be asked to make the change if a bill forcing the state to sell the institutions is voted down. Teague explained that he favors the change in the interest of economy and improving medical standards.

The hospitals were originally taken over by the state to treat injured coal miners but were converted to general use in 1937.

"All of the state's hospitals should be placed under the Health Department for most efficient operation and to improve medical standards," said Teague.

The hospitals are located at Ashland, Blossburg, Coaldale, Conneville, Hazleton, Shenandoah, Nanticoke, Phillipsburg, Scranton and Shamokin.

Appeal \$4 Fine For Palm Sunday Sales

PITTSBURGH (AP)—Nurserymen Michael and Morris Closky said today they will appeal a \$4 fine handed them for selling flowers on Palm Sunday.

A neighbor, Dr. Francis A. Smith, filed charges under a 159-year-old blue law banning commercial activity on Sunday. The case, heard Saturday by Justice of the Peace Joseph V. Zord Jr., was the first such prosecution against a business firm in many years. The Closky nursery was open for business as usual yesterday.

145,000 POW'S PAWNS IN NEW PEACE TALKS

By DON WHITEHEAD

WASHINGTON (AP)—More than 145,000 prisoners in the Korean War—3,198 of them Americans—were the pawns today in what appeared to be a giant new peace offensive directed from the Kremlin.

It isn't particularly surprising in the light of past events.

Early in the Korean War, the Chinese Communists disclosed they placed a high political and propaganda value on their Allied prisoners.

Didn't Observe Rules
 It remains to be seen whether the Reds will try again—at the truce talks which resumed today at Pannunjom—to exploit the captives they hold.

The first indication of their attitude came in November, 1950, shortly after the Chinese entered the war to support the North Korean Army shattered by the United Nations forces of Gen. Douglas MacArthur.

The North Koreans had used their prisoners cruelly. Americans who fell into their hands generally were treated brutally. The old rules for humane treatment of prisoners were ignored. Many

Americans were massacred.

There was nothing phony about those massacre reports out of Korea. I saw massacre victims myself near the little town of Wsunchon in North Korea.

Late in November, in an obvious propaganda move, the Reds released 27 Americans after trying to indoctrinate the soldiers against "American imperialism."

The Chinese told the youths to return to their lines and spread the word that the Chinese didn't want the war which they said was started by the "no-good capitalists."

One soldier said: "I just agreed with everything they said as long as I was their prisoner—but only because I wanted to get home."

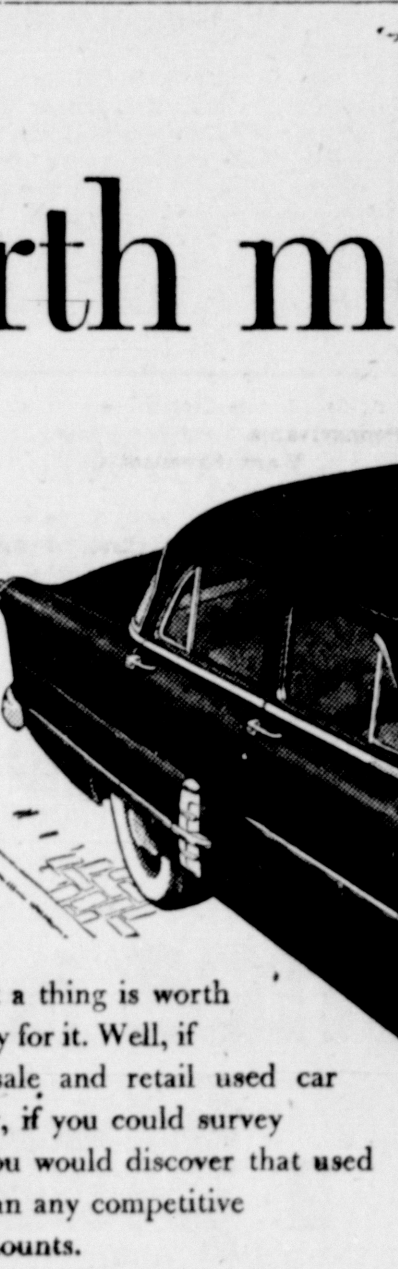

The Reds have said they are holding 3,198 American prisoners

There's an old saying that a thing is worth what someone is willing to pay for it. Well, if you could tour the wholesale and retail used car auctions around the country, if you could survey hundreds of used car lots you would discover that used Fords bring higher prices than any competitive make—and by substantial amounts.

THAT'S WHY we feel our '53 cars should not be compared with cars in the same price range. Not because our competitors don't do a good job—obviously they do—but because we feel Ford Cars have more in common with the highest priced automobiles. The similarities are far greater than the differences.

For example. Today, the most expensive cars in this country have V-type, 8-cylinder engines. Ford Cars have had this exact same type of engine for over 20 years.

What's more astounding, the current Strato-Star V-8 sells for hundreds of dollars less than several other makers charge for a six-cylinder car. Now there's nothing wrong with a Six but they do cost less to make. Ford makes a Six—the most modern overhead valve Six in the industry. And if it's a six-cylinder car you want, Ford has it and for less money than the V-8, which is as it should be.

What about ride? Here's another Ford similarity with high-priced cars . . . *Riding Comfort.* One of the misconceptions for many years has been that weight—sheer weight—is what it takes to make a car ride well. Ford has found that you can make a 3000-pound car ride softer and hold the road better by far than many cars that weigh a full 1000 pounds more. In the '53 Ford, for example, front end road shock has been reduced up to 80%. We say it compares most favorably with the heaviest cars sold today.

What about automatic transmissions? It would take the fingers of both hands to count the various kinds of automatic and semi-automatic transmissions on the market today. The one we

offer is called Fordomatic. It is the most versatile on the market, it represents the most profound consideration of engine-to-wheel power transfer—and that it does the best job for our engines isn't even open to question. It "shifts" better than you could shift by hand.

What you can see is also important. Here again Ford Cars lead not only in their price field but in the medium and upper brackets as well. Ford visibility is *Full-Circle Visibility.* This means huge, curved unobstructed glass area, front and rear, plus side windows that allow all passengers what the hotels call "room with a view."

Appearance? A higher price, of course, does not make a car more beautiful. Conversely, beauty in a Ford comes "for free." Ford has found that it costs no more to develop a beautiful car than one that is less pleasing in appearance. You can drive up to the most exclusive doorways in the world and feel perfectly at home in your Ford. Fords "belong" . . . in exactly the same social category as the finest, one-of-kind creations. After all, a Ford is a custom creation multiplied.

What about running costs? Here's one place that Ford's advantages are obvious. For oil and gas economy Ford has the big cars whipped. Ford parts cost less. Ford service charges are less. Ford tire mileage is thousands of miles greater. And, Ford depreciation is the lowest of any car on the market—bar none.

What are Fords made of? Some people have the idea that the costliest cars are made of "better stuff." It's true that some high-priced cars have costlier upholstery and fittings. What Ford has in

so good, both in durability and appearance, that you probably could not tell the difference. You might even prefer it, because of its better design and more pleasing appearance.

Then there's the question of sheet metal. If you were to measure and analyze the sheet metal structure in the most expensive car, you most likely would find it identical in thickness to the corresponding panels in Ford.

After all, then, what is the difference between a Ford and the costliest cars?

In our opinion, the difference is largely a matter of dimensions, weight (and the power required to move it) plus the distinction of owning a car that not so many other people own. The desire for these things is understandable . . . and probably justified for people who are willing to pay the price to satisfy it.

As to comparing Ford with other cars in its price range, by all means do so if you wish. But, as we said before, you'll get a better picture of Ford value by comparing with cars that are most like Fords—those that are priced up to twice as much. In fact, we think you'll quickly begin comparing the other cars with Ford—because the 1953 Ford has really established the New Standard of the American Road.

Bullet And Warrior Baseball Teams Face First Games This Week; Other Teams In Action

Three Gettysburg College athletic teams and five county scholastic baseball teams are scheduled to see action this week as the spring sports program begins to pick up momentum.

"Hen" Bream's Bullet baseball team opens its campaign Thursday afternoon at 3 o'clock when the Lebanon Valley nine comes here for the initial baseball contest locally. The Bullets follow with a game at Elizabethtown on Saturday.

Joe Wolfinger's college golfers are also listed for their first engagement, meeting Dickinson at Carlisle Friday.

The Bullet trackmen, who have but two home engagements, swing into action when Johnny Yovicsin's lads meet John Hopkins here Saturday afternoon in a dual meet.

Gettysburg High has its first baseball game carded at Boiling Springs Friday afternoon. At present Boiling Springs is unbeaten with seven straight victories.

Schoolboys Busy
York Springs and Fairfield each victims in their initial games, clash at Fairfield, Tuesday.

Thursday's program will find York Springs at Biglerville, and Fairfield at Williamsport, Md.

York Springs has its third game of the week on Saturday when it is host to East Berlin.

Mt. St. Mary's also opens its spring athletic program this week. The Mountaineer baseball and tennis teams invade Baltimore Friday for contests with Loyola.

First Aid Training For Teachers Urged

HARRISBURG (AP)—Gov. John S. Fine today recommended that all of Pennsylvania's 60,000 school teachers be qualified in first aid instruction.

"Experience has demonstrated that preparation and proper training... greatly reduce casualties and damage resulting from attacks," he wrote in a letter being distributed with a new civil defense booklet to all teachers and school supervisors.

He termed civil defense training and planning as "one of our finest forms of insurance for survival."

BARON GOALIE NEARS RECORD

CLEVELAND (AP)—Johnny Bower of the Cleveland Barons is less than 30 minutes away from a new American Hockey League play-off record for shutout goaltending time.

The Cleveland goalie gets a chance to claim it tomorrow night in the second game of Cleveland's best-of-seven series with the Pittsburgh Hornets for the AFL's Calder Cup.

The playoff record is held by Pittsburgh goalie Gil Mayer, who was not scored against for a period of 152 minutes and 10 seconds in the 1950-51 play-offs.

Bower, with two shutouts in a row and three in Cleveland's five play-off games so far, hasn't let a puck get by him for 122 minutes and 17 seconds.

The game record for play-off competition is held by Gordon Henry of the Hershey Bears. Henry had five shutouts in 11 games in the 1946-47 season.

In the current play-off finals, Cleveland is one game up in Pittsburgh, the defending champion, after a 2-0 victory Saturday night.

BROWNS SIGN 2 HURLERS

ST. LOUIS (AP)—Two Pennsylvania youths have been signed by the St. Louis Browns for their farm clubs.

Bernard Felbraro, of New Kensington, Pa., will go to the American League Club's Class C Pine Bluff, Ark., squad.

Frank Curorke, 19, of Coatesville, Pa., was assigned to the Browns' Class C team at Ada, Okla.

Both pitchers, they attended the Browns' baseball school at Thomasville, Ga., this spring.

ROCKY USING FIGHT DELAY FOR SHOPPING

BROCKTON, Mass. (AP)—Heavyweight boxing champion Rocky Marciano says he'll use his respite from training chores this week to help his wife shop for furniture for their new \$37,000 ranch type home.

Marciano's title defense against Jersey Joe Walcott has been delayed until May 15 because of a nose injury Rocky suffered at the hands of a sparmate.

"I am using special drops," Marciano said yesterday, "to treat the injury." He said the nose is responding to treatment.

Visits Family
Rocky arrived here Saturday from his Holland, Mich., training site to visit his family, which includes his four-month-old daughter, Mary Ann.

Marciano will stay here in his home town until April 13 when he'll go to New York for a dinner in his honor. He'll head back to his Michigan camp the next day.

The champ scoffed at rumors that the title bout may be shifted to some city other than Chicago, saying:

"I can't see the International Boxing Club moving the fight from Chicago. I've heard that the postponement because of my nose injury has already cost close to \$40,000 and they're going right ahead with plans to hold the fight in Chicago."

take the Communists in good faith, and this liaison group will continue to do that until we have reason to the contrary, and so far no reason has arisen."

Nine Points
In brief, the nine points he proposed govern an exchange:

1. Repatriation of sick and wounded captured personnel of both sides at Panmunjom.

2. The exchange would begin within seven days after the procedure is agreed upon.

3. The U. N. would deliver 500 captured personnel daily at Panmunjom until the exchange is completed.

4. The captured personnel to be exchanged would be divided into groups of 25 each, registered by nationality, name, rank and serial number.

5. Safe Passage For Convoys
A representative of the receiving side would sign a receipt for each group accepted.

6. Motor and rail convoys would be guaranteed freedom from air attacks while moving toward Panmunjom. (A) Motor convoys would be limited to 10 vehicles each and move in daylight. (B) Each vehicle would be clearly marked. (C) Bivouac areas and stopovers would be reported in advance.

7. Liaison groups would have free access to the Panmunjom neutral area, but would be limited to 300 personnel on each side, including the prisoners being delivered.

Talk About Armistice
8. Officers would be appointed to arrange for administrative procedure.

9. A termination date for the exchange would be set when the head of each liaison group signs the agreement.

If the agreed upon exchange of sick and wounded POWs is completed to the satisfaction of U. N. Commander Gen. Mark Clark, he has indicated he will agree to a reopening of the full-scale armistice negotiations as suggested March 30 by Red China's Premier, Chou En-lai.

Bubblers Annex Seventh Straight

The undefeated Boiling Springs High School baseball team ran its string of victories to seven Saturday afternoon by drubbing Susquehanna 10-2 at Duncannon.

Four games are carded for the Bubblers this week. They play at Shippensburg Tuesday and will be host to Carlisle, Wednesday; Gettysburg High, Friday, and East Berlin, Saturday.

FINDS PEOPLE

(Continued from Page 1)
attended hearings Saturday at Littlestown, Fairfield and Biglerville. The series started Wednesday at York Springs and Gettysburg and another was held Thursday afternoon at New Oxford.

"Would Be Breach Of Faith"
Mr. Worley pointed to recent salary raises given departmental head, at Harrisburg and to successive salary increases for judges in this state as examples of state spending that are not justified. "I spoke and voted against those raises in 1949," the assemblyman said.

He said he considers Bill 909 now before the Legislature, providing for a general sales tax, as "very unfair" because it exempts soft drinks and taxes candy. "It seems to me that candy is more of a food than carbonated water," he observed.

If a new tax must be levied, Worley's first choice would be a tax on luxuries.

No one at any of the hearings favored a return of the tax burden to the local school districts. "That would be a breach of faith on the promises the state has made to the people and on which many districts have gone ahead with their planning programs," Mr. Worley said. "To put the school tax burden fully on the local districts would deprive many children of equal opportunity for education in many of the poorer districts of the state," he added.

He also expressed the opinion that such a shift of the tax burden "would be suicide for the Republican party in Pennsylvania."

Want Expenses Cut
At Littlestown, a group of 18 taxpayers came forth with these opinions: "Cut expenses first; if there must be new taxes, let them be earmarked for education; overtaxation has been the downfall of many nations; if there must be a tax put on it at the wholesale level, earmark it for education and exempt foods and clothing."

At Fairfield one taxpayer declared the state can make great savings in cutting of assistance funds to underserving persons; he urged taxes on luxuries instead of "on things a man must have to raise a family"; and declared that the state "ought to live within its income like the rest of us."

At Biglerville, Luther Lady, member of the county school board, said any special tax should be earmarked for education. Another director wanted state expenses cut before new taxes are laid. Other property owners spoke against a sales tax at the consumer level and one man added: "It costs too much to collect, it's unjust and unfair and it will be too hard to get rid of, if it's started in this state."

Other Suggestions
Several at the various meetings spoke in favor of graduated income tax, impossible under the state constitution as it is today; and two men wanted Worley to vote for legalization of pari-mutuel betting.

Several favored return of the soft drink tax with fruit juices exempted and there was a proposal for a gross receipts tax with foods exempted.

At each of the three hearings Saturday taxpayers praised Mr. Worley for holding the hearings to learn the position of the people of his district on the tax problem.

SET NEW MARK FOR GAME FINES

HARRISBURG (AP)—Arrests for game law violations and fines collected last December established a new all-time one-month record, figures of the State Game Commission showed today.

The commission reported the month ended a year which showed "a growing disregard for law and order" in which both the number of violations and penalties were up considerably from the previous year.

Game protectors prosecuted all-most 2,000 persons for violating the game laws during December. A total of almost \$70,000 was collected in these cases. The commission did not indicate what the former one-month record was.

The commission gave this comparison between 1952 and 1951: law prosecutions, 5,044 and 4,553; fines collected, \$158,909 and \$146,443.

The December 1952 figures were up from the 1,536 prosecutions and \$53,646 in fines recorded in the previous December.

Woman Motorist Is Crushed To Death

HARRISBURG (AP)—A Northumberland county woman going home for the holiday was crushed to death Easter morning when her car ran off the edge of the highway and struck a tree.

State police said they were unable to determine the cause of the accident which killed Mrs. Virginia M. Bonones, 24, of Elysburg R. 1.

Mrs. Bonones, a secretary in Harrisburg, was driving home alone along Route 22. The accident occurred just outside the Harrisburg city limits on a portion of the road that is four lanes wide.

Police said the dead woman had turned into Route 22 shortly before her car ran into the tree. She died of a crushed chest. Her husband is in Germany with the U. S. Army.

SURGERY FOR EDEN

LONDON (AP)—Foreign Secretary Anthony Eden, ill with a gall bladder condition, has canceled his scheduled departure today to Southern Europe and the Balkans and is expected to undergo an operation within the next three or four days.

Dick Berry, Michigan State fencer, won the Big Ten epee title in 1952. He then switched weapons and won the foils championship in 1953.

Game Protectors Given Assignments

HARRISBURG (AP)—The State Game Commission today announced these filed appointments, effective April 1, for new district game protectors graduated by the Ross Leffler School of Conservation last week:

Paul H. Glenn, of R. D. Huntingdon, to Harrisburg, Dauphin County; Edward J. Fasching, Allentown, Richland, Chester County;

Norman J. Forche, Falls Creek, Drums, Luzerne County; Leo E. Milford, Kane, Oil City, Venango County; Frederick H. Survey, Clairion, Carnegie, Allegheny County;

William E. Lee, Venus, Albion, Erie County; Patrick W. Craven, Moscow, game commission dwelling near Benton, Sullivan County; Gerald D. Kirkpatrick, Strattanville, Portland Mills, Elk County;

and William E. Fulmer, Mauch Chunk, Carbon County.

KNOWN WRITER OF THREATENING LETTERS SOUGHT

HARRISBURG, Pa. (AP)—Secret Servicemen and postal inspectors are still looking today for a known writer of threatening letters in connection with threats against the lives of President Eisenhower and Leo A. Werner, Harrisburg postmaster.

The handwriting on a page and a half letter received about two weeks ago by Werner led officials to search for Albert J. Drevney, about 35, a former Washington state hospital patient.

The letter was mailed from Lancaster, where Drevney was seen about three weeks ago.

Considered Dangerous
Drevney "has a long history of writing threatening letters which never really amount to anything," said Fred Gruber, Secret Service agent in charge at Philadelphia. Gruber is conducting the investigation in the case.

However, a Secret Service circular circulated to postal authorities described Drevney as an escapee from a Washington state hospital who is "considered dangerous."

Frank Creedon, Harrisburg postal inspector, said the handwriting on the letter received by Werner matched Drevney's. Drevney is a former resident of Vancouver, Wash., San Francisco and Denver.

Gruber guessed Drevney may still be in Eastern Pennsylvania "but there is no way of knowing."

First Games In Major Loops Next Monday At Washington, Cincinnati; 8 Games On Tuesday

By BEN PHLEGAR (AP Sports Writer)

Just one week from today a man in blue will bellow "Play ball!" in Cincinnati and Washington and the 1953 major league season will be open.

The Braves, moved from Boston to Milwaukee during the training season, will be the guests of the Cincinnati Reds for the single opening game on the National League schedule. In the American League the defending World Champion New York Yankees visit Washington, where Vice President Nixon will toss out the first ball. The National League should get away first since game time in Cincinnati is 30 minutes earlier than in Washington.

All 16 clubs are due for action a week from tomorrow.

Gil Coan Breaks Ankle
Washington suffered a serious setback yesterday when Gil Coan fractured his right ankle when he tried for a circus catch in an exhibition against Cincinnati at Charlotte, N. C. Team officials said the outfielder probably would be sidelined two months.

The St. Louis Browns lost Clint Courtney yesterday when the catcher went after a foul ball and broke the middle finger of his throwing hand. He will be out 10 days to two weeks.

Hank Sauer of the Chicago Cubs, the most valuable player in the National League last year, is out with a broken little finger. Roy Smalley, the Cubs' regular shortstop, will enter a Chicago hospital today for examination of a swollen ankle which has troubled him for two weeks.

Short Two First Basemen
The Brooklyn Dodgers are short two first basemen. Regular Gil Hodges has been in a New York hospital with swollen feet and is due to go back for further observation and examination tomorrow. Rookie Wayne Belard will be sidelined another four to five weeks following an operation for bone chips on his arm.

One of the most mysterious of the spring ailments has been Mickey Mantle's rash. The young Yankee outfielder, currently at his home in Oklahoma, hasn't played a full game in more than two weeks. Whenever he exercised the rash would appear. Boils formed

under his arms.

Without Mantle the Yankees were beaten yesterday by Atlanta of the Southern Association, 4-3. Whitey Ford worked seven innings for the Yankees, and gave up seven hits including a home run.

A's And Phils Win
Two home runs by Dee Fondy helped the Cubs edge the Browns, 9-8, at San Antonio, Tex. Cincinnati beat the Senators, 6-2, at Charlotte with Clarence Podbielan going the route for the Reds. Second baseman Davey Williams singled five times in a row for the New York Giants, who whipped Cleveland for the third day in a row, this time 7-2 at Austin, Tex.

Dick Williams, subbing at first for the Dodgers, doubled off the wall in Nashville with two on base, to give Brooklyn a 3-1 decision over Milwaukee.

The Chicago White Sox whipped Dallas of the Texas League, 4-1; Philadelphia's Athletics defeated Montgomery of the South Atlantic League, 13-5; the Philadelphia Phillies whipped Birmingham of the Southern Association, 14-3; Pittsburgh turned back New Orleans of the Southern Association, 5-1, and the St. Louis Cardinals edged Houston of the Texas League, 3-2.

Detroit, the only major league team left in Florida, defeated the Cincinnati "B" team, 13-6. The Tigers head north tomorrow.

19,800 ft.
Dimensions 35' x 28'

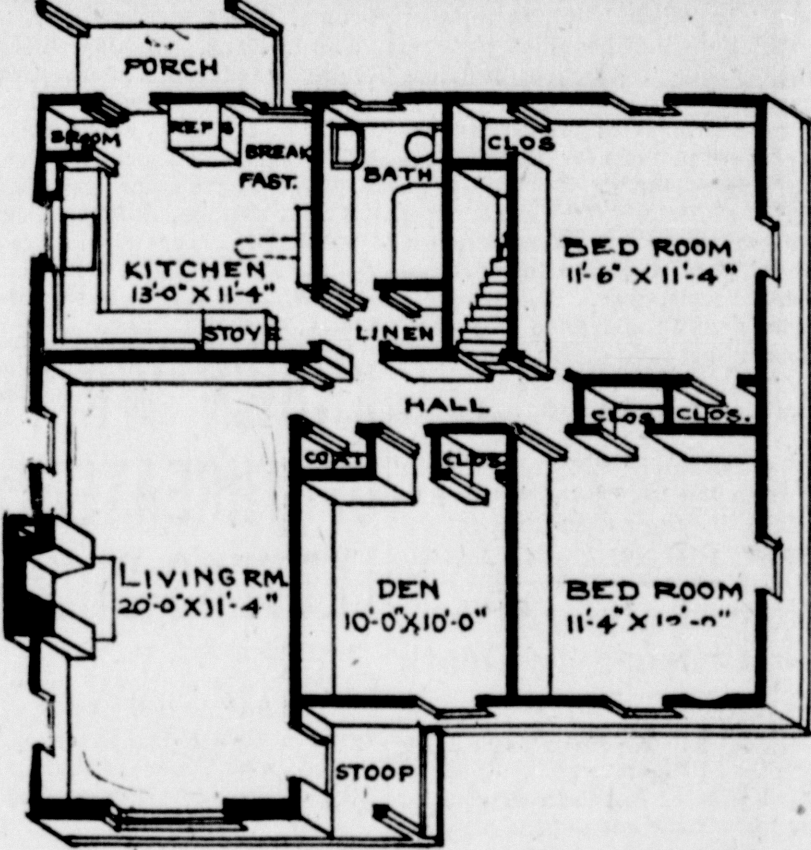

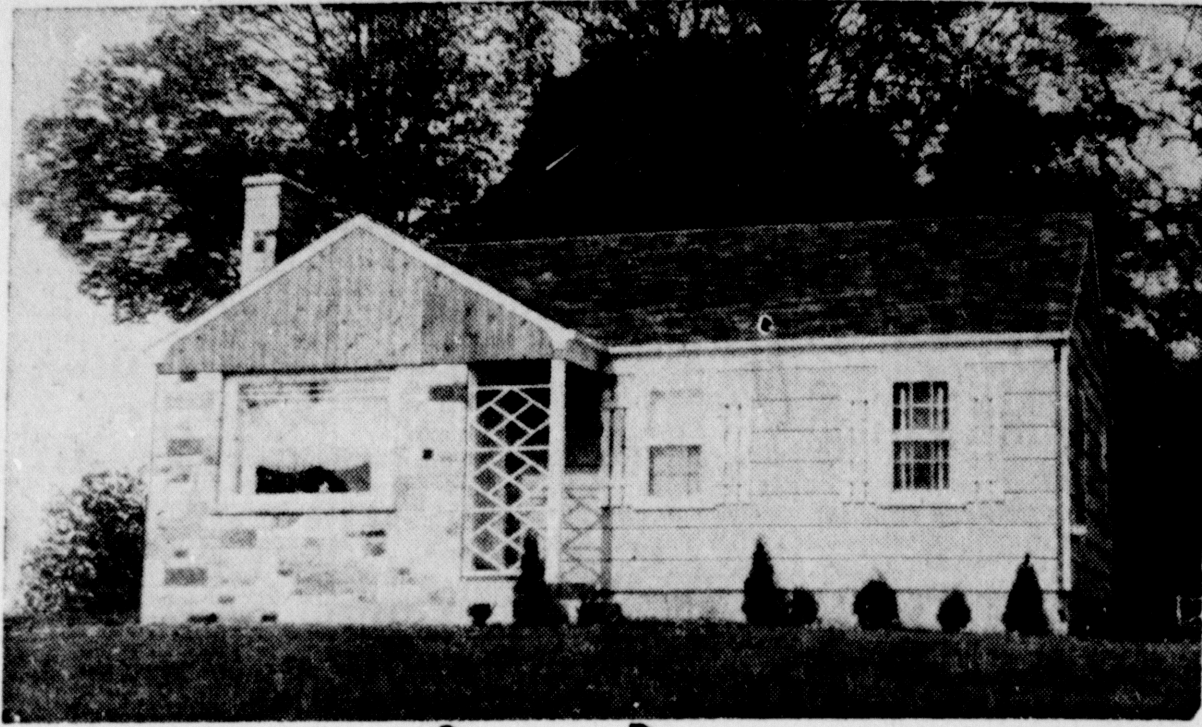

Because it measures only 35 x 28 feet in overall dimensions, and has a cubage of 19,800 feet "The Newport" can easily be built on a 60 foot lot. These figures do not, of course, allow for a garage. You can easily have an attached or detached garage built at the same time as the house by making such arrangements with your contractor. However, whether you plan to have the garage constructed at the same time as the house or at some later date, be sure to obtain a large enough lot to accommodate both the house and the garage.

While a combination fieldstone and clapboard exterior is used for the house in the illustration, a plain masonry, shingled or clapboarded exterior would be equally attractive and appropriate for "The Newport." This delightful little home can be built in any type of a location. Simple landscaping is recommended.

The little front stoop, which adds to the decorative appeal of the house's exterior, serves the practical function of protecting the front entrance. Guests and the family alike will appreciate this protection from sun and storm.

Although there is no entry hall in "The Newport," because the front doors opens directly on the living room, there is a closet conveniently placed in the hallway connecting the living room and the other rooms in this house; this can serve as the storage place for guests' wraps. One large picture window, centered in the front wall, and two windows in the left wall provide an abundance of light and ventilation for the 20' x 11'4" living room. The large fireplace in the left wall, between the two windows, should be the focal point of decorative interest in the room; the long unbroken right wall makes the attractive arrangement of large furniture pieces an easy task indeed.

Because there is no dining room proper in "The Newport," the living room must lead a double life. In order to make serving meals and clearing away afterwards just as easy as possible, place the dining room set near the back wall where it will be just a few steps from the all modern kitchen. Measuring 13' x 11'4", the kitchen

contains a wealth of working counters, and storage cupboards and cabinets; these are arranged in an L shaped array along the front and left walls. Under the large window in the left wall is the selected and most popular location for the sink. Put the stove at the right end of the line of working counters and the refrigerator against the back wall.

Across the hall from the bathroom is the 10 foot square den. This room can be used as it will best suit the needs of you and your family and is so designed that it can serve as a den for the man of the house, a combination den and library, a guest room or as a third bedroom. One window, looking out on the front yard, provides sufficient light and ventilation for the room and the good sized closet, in the back wall, will come in handy regardless of the use to which you decide to put this room. Both the right and left walls are unbroken by doors or windows and, should you decide to use this room as a combination den-library, bookshelves can be built along either of these walls.

Stairs to the basement lead down from the central hallway between the door to the bathroom and the one to the back bedroom. One window in the back wall and another in the right wall guarantee good lighting and cross ventilation for this bedroom, which is 11'6" x 11'4". Since this room is designed to serve as the master bedroom in "The Newport" it has two generous sized (Continued on Page 7)

Spacing Seeds Saves Work Thinning Garden Rows

When seed is sown too thickly, much of it is wasted, but much more serious is the crowding of seedlings which usually results. It takes a lot of work to thin out the excess plants, and if this is neglected the crop may be a failure.

It is also possible to sow too few seeds and there should always be some spare plants to replace those which succumb to accidents, or disease. The number of extras required will vary with the porosity of the soil and the earliness of sowing.

Exact directions cannot be given for the spacing of small seeds, but they should always be dropped so that each lies far enough from its neighbors to prevent the roots from entangling. Thin sowing is made easier if fine seed is mixed with dry sand, and the mixture sown, as the sand will keep the seeds farther apart.

If seed is known to be of sub-standard germination thicker sowing is advisable. Carrot seedlings are feeble, and often have difficulty if it is at all inclined to crust. Use twice as much carrot seed if you

have doubts about your soil being porous enough. In the case of large seeds, such as beet, Swiss chard, and peas, which can be spaced precisely, sow them an inch apart.

Bush beans usually are allowed to grow four inches apart in the row. If you wish to avoid vacant spaces, a good way is to sow beans in pairs, spaced four inches apart. Seldom will both seeds in a pair fail to grow. If both grow, one can easily be pulled up, or let them both develop since twin plants will do as well as singles.

After vegetable seeds are sown they should be covered. If the soil is sandy and porous, draw it over the seeds and firm well but do not overdo the firming. In heavy soil inclined to crust it is safer to cover the seeds with a specially prepared soil mixture, containing no clay. This should be firmed with caution also. This purpose of firming is to drive out air and bring the seed in close contact with the soil. Rough seed, such as beet and Swiss chard, needs extra firming.

To Represent Ike On Extended Tour

STATE COLLEGE, Pa. (AP)—Dr. Milton S. Eisenhower and his wife will tour 10 South American countries this summer as special representatives of the President of the United States.

Dr. Eisenhower said today that the main purpose of the trip, to be made in July during his regular vacation time, is to extend greetings from his brother, the President, to heads of the South American governments.

Dr. Eisenhower will report to his brother in Washington upon completion of the trip.

National Guard To Camp August 15-31

INDIANTOWN GAP, Pa. (AP)—The main body of the Pennsylvania National Guard will hold its regular two-week summer encampment Aug. 15-31 at the Indiantown Gap Military Reservation.

Indiantown Gap officials announced today that elements of the Virginia National Guard and senior ROTC students from 25 colleges will take part in training exercises during May and June.
